About our conference:

This conference will examine the importance of effective relationships within the provision of services to clients with a brain injury. Speakers will give an insight into practical and theoretical issues, reflecting on best practice and case studies.

Topics include the significance of the therapeutic relationship and engaging the client, the interface between health and statutory services and the independent sector and issues in the formulation of meaningful client centered goals.

Speakers include experts and professionals from the legal field, health and statutory services and independent providers who work together in the field of brain injury. We are also pleased to have a family member join our panel of speakers.

The conference is designed for those working with clients with a brain injury, including Case Managers, Therapists, Psychologists, Social Workers, Nurses and Solicitors.

There will be opportunities to meet like-minded colleagues with wide-ranging ABI experience, and specialist suppliers and providers of services.

Target audience: Case Managers, Solicitors, Deputies, Social Workers, Support Workers, Occupational Therapists, Physiotherapists, Speech and Language Therapists, Neuropsychologists, Educators, Medical Staff, Nurses, Voluntary Service Workers and anyone else working or interested in working with people with acquired brain injury.

JS Parker Ltd is the UK's largest provider of specialist brain and spinal injury case management and rehabilitation services.

For more information about our company and our services, please visit www.casemanagement.co.uk or contact us at conference@jspsh.co.uk
