

DR VIJAY PALANIVEL – THE CHILDRENS TRUST

Dr Vijay Palanivel has been working at The Children's Trust for just over 4 years. Prior to joining The Children's Trust, he has worked in tertiary neurodisability and neurology centres at Great Ormond Street Hospital, Sheffield Children's Hospital and Cambridge University Hospital.

Vijay's specialist areas of expertise are acquired brain injury, cerebral palsy, movement disorders including botulinum toxin injections and other complex neurodevelopmental disorders such as autism, ADHD and learning disability.

He is also the founder and director of Jaysan Child Neurodevelopment Clinics, Chennai, India which offers neurodisability and neurorehabilitation care for children with complex disabilities from all over India and South Asia.

Vijay is currently a Fellow of the Royal College of Paediatrics and Child Health.
